

America Type Bluegrass With Midnight Color

Blue Magic Kentucky Bluegrass is an America type that offers the rich, dark color of a Midnight type. This new variety has demonstrated both resistance to traffic stress and recovery.

A high-quality turfgrass, **Blue Magic** represents an advancement for field managers, golf course superintendents and landscapers who demand excellent performance throughout the year and superior color.

Blue Magic Kentucky Bluegrass is well suited for golf courses, sports fields, as well as residential and park landscaping.

Blue Magic demonstrated remarkable hardiness and a deep green color through NTEP trials that included 89 entries of Kentucky Bluegrass cultivars. The overall quality of this turfgrass was demonstrated over and over in the NTEP trial.

Genetic Color

With a Genetic Color score of 7.0, **Blue Magic** is a reliably dark green, elite Kentucky Bluegrass.

Summer Stress Resistance

Blue Magic ranked second in the NTEP trial for Summer Patch, demonstrating superior hardiness.

Ground Cover

Blue Magic ranked in the top 10 in the NTEP trial for Ground Cover through spring, summer and winter, including a ranking of second in the spring.

Turf Uniformity

With a mean rating of 7.5, **Blue Magic** was a top performer in the NTEP trial for turf uniformity.

Disease Resistance

Blue Magic showed high resistance to Dollar Spot and well above average resistance to Stem Rust.

Industry Leaders

TMI develops, produces and markets turf grass seeds for the United States, North America and more than 20 other countries around the world.

Golf courses, sod growers for sod production and landscapers the world over have found TMI's cool season grasses, warm season grasses, golf grass, and specialty grasses to be state of the art when it comes to color, texture, uniformity, disease resistance and overall performance.

Our extensive network of carefully chosen seed growers produces seeds of the highest quality in the world, with high germination rates and purities that exceed official standards. Our certification, testing and quality controls continue to raise the benchmark for the entire Industry.
