

Manhattan 5 GLR

Minimal Maintenance –High Disease Resistance

Manhattan 5 GLR is a hardy Perennial Ryegrass, ideal for golf courses and sports fields needing a “medium maintenance” turfgrass.

Highly tolerant of salinity soils, **Manhattan 5 GLR** is an excellent choice, particularly in coastal areas.

This remarkable turfgrass is resistant to Gray Leaf Spot, High Stem Rust, and has high endophyte content, maximizing limited treatments.

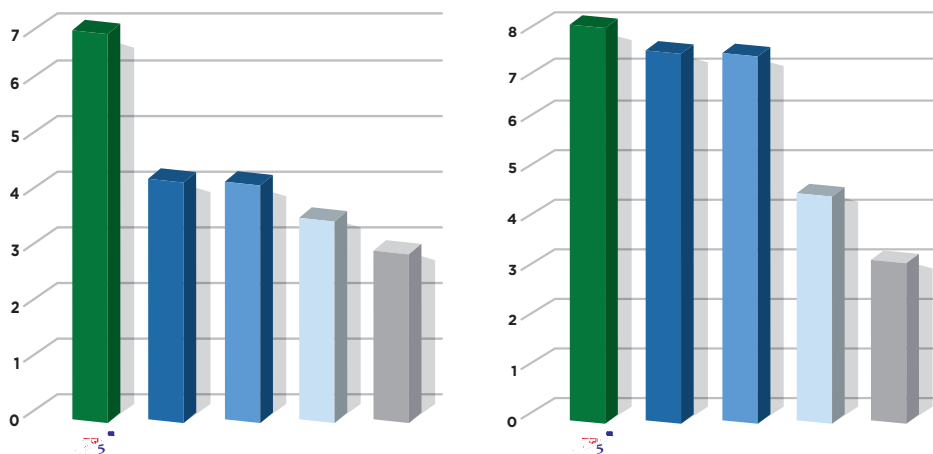

Manhattan 5 GLR is a Blue Tag certified grass seed ideal for sports field and golf applications, including new seeding and overseeding.

Manhattan 5 GLR is one of the high-quality seeds produced by the Manhattan Ryegrass Growers Association, and has continued the tradition of outstanding performance of this breeding program.

In two independent trials, **Manhattan 5 GLR** earned top performance among Perennial Ryegrasses for Gray Leaf Spot resistance!

Gray Leaf Spot Resistance Trials

Independent testing also showed **Manhattan 5 GLR** to be highly resistant to Stem Rust -with no fungicide applications!

Testing for salt tolerance demonstrated mean germination rates in Perennial Ryegrass in a laboratory trial. After 13 days, **Manhattan 5 GLR** had the highest rate of germination of more than 10 competing seed products!

Call us about this dark green, fine texture cultivar that provides excellent yield at competitive prices!

Industry Leaders

TMI develops, produces and markets turf grass seeds for the United States, North America and more than 20 other countries around the world.

Golf courses, sod growers for sod production and landscapers the world over have found TMI's cool season grasses, warm season grasses, golf grass, and specialty grasses to be state of the art when it comes to color, texture, uniformity, disease resistance and overall performance.

Our extensive network of carefully chosen seed growers produces seeds of the highest quality in the world, with high germination rates and purities that exceed official standards. Our certification, testing and quality controls continue to raise the benchmark for the entire Industry.
