

PALMETTO

Perennial Quality At An Annual Price

Palmetto is a remarkable Turf Type Annual Ryegrass, comparing competitively in quality and density with Perennial Ryegrasses while providing greater value in overseed markets.

Benefits of Palmetto include:

- **Fast germination and establishment**
- **Smooth transitioning into springtime**
- **High wear tolerance**

For courses and sports fields that overseed in the fall for winter and early spring use, Palmetto is the smart play.

Palmetto is an annual ryegrass seed ideal for golf and sports field applications, including overseeding and blending.
