

# PARAGON-2

**High-Quality, Hardy, & Disease Resistant**

**Paragon-2 GLR** is a revolutionary new Perennial Ryegrass for permanent turf and overseeding golf courses and sports fields!

This dark green turfgrass offers drought resistance, extremely high quality and resistance to disease such as Grey Leaf Spot.

If you have been searching for a solution that provides the optimum combination of performance and quality, **Paragon-2 GLR** is the answer.

**Paragon-2 GLR** is an ideal grass seed ideal for sports field and golf applications, including new seeding and overseeding.

# PARAGON-2

**Paragon-2 GLR** marks a turning point for golf course superintendents and sports field managers throughout warm season regions. A superior grass seed that solves a wide range of considerations.

NTEP trials conducted in 2017 demonstrated a variety of benefits for both new planting and overseed applications:

### Turfgrass Quality

Among more than 100 Perennial Ryegrasses in the trial, **Paragon-2 GLR** was in the top quartile in Turfgrass Quality Ratings, and in the top 4 of all tested as Grown in Five Locations.

### Traffic Stress Resistance

**Paragon-2 GLR** rated in the top 10 Perennial Ryegrasses Grown Under Traffic Stress in one NTEP trial, proving the hardiness of this turfgrass.

### Salt Tolerance

In trials for salt tolerance, **Paragon-2 GLR** demonstrated high performance and quality retention – well above the average entries in the trials.

### Grey Leaf Spot Resistance

**Paragon-2 GLR** showed remarkable resistance to Grey Leaf Spot, within the top 10 of all cultivars in the trial.

### Divot Recovery

Likewise, **Paragon-2 GLR** had a mean rating of 92.4 for Divot Recovery, placing it in the top 10 Perennial Ryegrass cultivars.
