

TRIAD

Ultra-High Quality Tall Fescue

An extremely dark green Tall Fescue, **Triad** is a game changer in terms of quality, with high NTEP ratings in a wide range of categories.

Triad is on the “Virginia/Maryland” list, further showing that it is a cut above other Tall Fescues. Triad is a uniquely qualified turfgrass for high-use applications in which color and texture are important.

Traffic stress recovery, wear tolerance, leaf texture, Grey Leaf Spot and Brown Patch resistance are among the benefits of this unique turfgrass.

Triad is a hearty dark green Tall Fescue, well suited for sports fields, golf courses, parks and landscaping.

NTEP trials demonstrated that **Triad** is a superior Tall Fescue:

KEY BENEFITS:

- Grey Leaf Spot Resistance
- Brown Patch Resistance
- Genetic Color
- Traffic Wear Tolerance
- Traffic Stress Recovery

Industry Leaders

TMI develops, produces and markets turf grass seeds for the United States, North America and more than 20 other countries around the world.

Golf courses, sod growers for sod production and landscapers the world over have found TMI's cool season grasses, warm season grasses, golf grass, and specialty grasses to be state of the art when it comes to color, texture, uniformity, disease resistance and overall performance.

Our extensive network of carefully chosen seed growers produces seeds of the highest quality in the world, with high germination rates and purities that exceed official standards. Our certification, testing and quality controls continue to raise the benchmark for the entire Industry.
