

KENTUCKY BLUEGRASS BLEND

The Blend That Simplifies Your Bluegrass Purchases

TRUE BLUE is a pre-blended mixture of three top ranking proprietary Bluegrass varieties which offer excellent turf quality at an affordable price.

Each of these varieties contributes a dark green genetic color, fine texture and excellent disease resistance. Together, **TRUE BLUE** outperforms singular varieties.

If you want a bluegrass that has all of these benefits, don't pick a single variety... pick **TRUE BLUE**, the blend with three times the results.

True Blue is ideal for golf courses, parks and recreation, and landscaping applications.

KENTUCKY BLUEGRASS BLEND

TRUE BLUE is the blend formulated for use in situations in which extreme value is required, providing you with the competitive advantage of an all Kentucky Bluegrass blend at a price that assures an economical solution with reliable quality.

TRUE BLUE BENEFITS:

- Sustained turf quality and color from early spring through summer and late into fall.
- Excellent sod strength.

- Exhibits resistance to leaf spot, dollar spot, powdery mildew, Fusarium blight, stem rust and sod webworms.
- Outstanding seedling vigor.
- Performs well in sun or shade.

KEY BENEFITS:

- **Sod Production**
- **Golf Courses**
- **Parks**
- **Sports Fields**
- **Home Lawns**
- **Landscaping**

Industry Leaders

TMI develops, produces and markets turf grass seeds for the United States, North America and more than 20 other countries around the world.

Golf courses, sod growers for sod production and landscapers the world over have found TMI's cool season grasses, warm season grasses, golf grass, and specialty grasses to be state of the art when it comes to color, texture, uniformity, disease resistance and overall performance.

Our extensive network of carefully chosen seed growers produces seeds of the highest quality in the world, with high germination rates and purities that exceed official standards. Our certification, testing and quality controls continue to raise the benchmark for the entire Industry.
