

## The Perfect Midnight Type Bluegrass Variety

Scoring a perfect "9" in NTEP ratings for its dark green color, **Blueberry** is the absolute first choice for blends to achieve genetic diversity.

This compact, Midnight Type Kentucky Bluegrass has proven disease resistance and is tops in Spring green-up!

Contact **TMI** for more information about how **Blueberry** can help you – and your customers – achieve perfect results.

**Blueberry** is a grass seed ideal for sports field, parks and recreation, and landscaping applications, as well as sod production.

NTEP trials confirm that **Blueberry** is a superior Midnight Type Kentucky Bluegrass for quality, density, color and green-up. For these reasons, it is a trusted choice for blending with other Bluegrass Types, ensuring an increase in overall turf performance.

#### Genetic Diversity:

The purpose of blending is to broaden genetic diversity. As a “compact” Kentucky Bluegrass with dark green color, **Blueberry** is an excellent blending choice that will enhance diversity without sacrificing color or quality.

#### Dark Green Color:

**Blueberry** naturally yields a darker green color than most Kentucky Bluegrasses. This means lower fertilizer inputs for color response! This not only saves costs, but is environmentally responsible.

#### KEY BENEFITS:

- **Turfgrass Quality**
- **Genetic Color**
- **Traffic Wear Tolerance**
- **Fusarium, Stripe Rust and Stem Rust Resistance**

#### Industry Leaders

TMI develops, produces and markets turf grass seeds for the United States, North America and more than 20 other countries around the world.

Golf courses, sod growers for sod production and landscapers the world over have found TMI's cool season grasses, warm season grasses, golf grass, and specialty grasses to be state of the art when it comes to color, texture, uniformity, disease resistance and overall performance.

Our extensive network of carefully chosen seed growers produces seeds of the highest quality in the world, with high germination rates and purities that exceed official standards. Our certification, testing and quality controls continue to raise the benchmark for the entire Industry.
