

# GAMBLER

PERENNIAL RYEGRASS

Unveiling the pinnacle of turf innovation, Gamber Perennial ryegrass is a remarkable new addition to the world of turf grasses, boasting rapid establishment and an unparalleled dark green genetic color. Its exceptional plant density ensures a robust and visually stunning turf, making it an ideal choice for high-performance applications. Renowned for its exceptional turf qualities, Gamber is perfectly suited for overseeding golf courses, where fine turf is paramount. Its elite characteristics also make it a preferred option wherever a top-tier perennial ryegrass is required. This innovative variety combines durability with versatility, proving to be a reliable solution for achieving lush, high-quality turf in demanding environments.
