

HELLCAT^{GLR}

TALL FESCUE

Hellcat GLR Turf Type Tall Fescue is the elite choice for sports turf managers and professional landscapers who demand high performance and visual excellence. Engineered through advanced genetic research, Hellcat GLR delivers a deep green color and fine blade texture that elevates the look of any course, field, or landscape. Its superior disease resistance, including protection against Grey Leaf Spot and Brown Leaf Spot, ensures reliable turf health throughout the season. Designed to withstand heavy foot traffic and recover quickly, it's ideal for athletic fields, parks, and high-use commercial properties. With strong drought tolerance, spring green up and proven performance across the regions — backed by its inclusion on the Virginia/Maryland Approved Turfgrass Varieties list—Hellcat GLR is the dependable, professional-grade solution for demanding turf environments.
