FINE FESCUE MIXTURE

A Heritage Turf for Modern Landscapes

Inspired by the rugged beauty and timeless playability of Scotland's legendary links courses, Turf Merchants, Inc. Links Fescue Mixture combines three to four resilient fine fescue species to deliver a turf that's both visually stunning and environmentally sustainable.

Blend Composition:

Sheep's Fescue (*Festuca ovina*) – drought-tolerant, low-maintenance, and naturally tufted for a wild links look.

Hard Fescue (*Festuca trachyphylla*) – exceptional wear tolerance and disease resistance.

Chewings Fescue (*Festuca rubra* ssp. *commutata*) – fine texture and upright growth for a clean, manicured appearance.

Creeping Red Fescue (*Festuca rubra* ssp. *rubra*) – rhizomatous growth for self-repair and dense coverage.

Ideal Applications

- Golf Courses – fairways, roughs, and naturalized areas
- Landscapes – parks, estates, and low-maintenance lawns
- Reclamation & Native Restoration Projects
- Seed Distributors – premium blend for eco-conscious clients

Bring the Spirit of the Links to Your Turf

ATTRIBUTES	LOW	HIGH
GENETIC SUPERIORITY		▲
DISEASE TOLERANCE		▲
REDUCED MAINTENANCE		▲
HIGH PERFORMANCE		▲
DROUGHT TOLERANCE		▲
WEAR TOLERANCE		▲
REPAIRING/RECOVERY		▲
COLOR		DEEP GREEN

Key Benefits

- Low Input Turf – thrives with minimal irrigation, fertilization, and mowing.
- Drought & Shade Tolerant – ideal for challenging environments and sustainable landscapes.
- Classic Links Aesthetic – wispy, fine-bladed texture with natural color variation.
- Excellent Playability – firm, fast surfaces perfect for golf fairways, roughs, and tees.
- Ecological Harmony – supports biodiversity and reduces chemical dependency.

Whether you're designing a championship course or a naturalized landscape, our Links Fescue Mixture offers the perfect balance of tradition, performance, and sustainability.
