

PATRIOT 4

Perennial Ryegrass

Patriot 4 is the answer to the dormancy of Bermuda grass coming into and through the transition period. Overseeding with this premium turf type perennial ryegrass ensures stronger and greener conditions prior to transition and well into the peak of Spring.

Featuring a dark green color and a fine-leafed texture, Patriot 4 is a fast-establishing solution to preparing a golf course or sports field for early-season activity.

Patriot 4 is a grass seed ideal for winter overseeding of golf course and sports field applications.
