

# 3-D Tall Fescue Blend

## Exceptional Turf Qualities

The selected Elite Tall Fescue varieties have the ability to spread by rhizomes and/or by aggressive tillering. This turf-type Tall Fescue also exhibits strong drought tolerance characteristics. The Tall Fescue varieties used are dark green in color with excellent disease resistance.

- Fast Establishing
- Quick Harvesting Attributes
- Drought Tolerant Varieties for Reduced Water Use
- Excellent Disease Resistance
- 3-D Dark Green Color

**If it's not 3-D Sod,  
It's Just Grass®**

### **DARKER:**

3-D Sod has been specially designed to yield a naturally darker turf. Simply put, this means less fertilizing! You'll be able to have the same rich green lawn you expect without the use of costly and sometimes harmful chemicals.

### **DENSER:**

Aside from the aesthetic beauty of a thick lawn, 3-D Sod's improved density will help compete with weeds by actually squeezing them out! Plus, 3-D Sod will green-up quick in the spring giving you the first green lawn on the block.

### **DWARFER:**

Our 3-D Sod provides less vertical growth and a lower canopy height. It's an attribute with a benefit that is terribly simple to understand...less mowing! Stop spending all weekend working on your lawn rather than just enjoying it.
